***Carson To Make Major Announcement On Tar Creek
Congressman Will Outline Plan At Tar Creek Conference***

Washington, D.C. --

Eastern Oklahoma Congressman Brad Carson will announce a major proposal tomorrow on the future of the Tar Creek Superfund site.

This announcement will come tomorrow at the 5th

National Conference on Tar Creek hosted by the L.E.A.D. Agency, Inc. at the Miami Civic Center from 3:00 to 4:00 pm(CST).

"As far as I am concerned, the day for studying is over and the day for action has come," said Congressman Carson. "The people of Tar Creek have suffered for over two decades. Federal bureaucrats in Washington, D.C. have authorized the pouring of more than \$100 million into a black hole with no real solution or foresight into how to solve the problem."

"Last week, more than 250 residents of Picher and Cardin showed up to let their voices be heard loud and clear," said Congressman Carson. "Let Congress and the federal government not allow these voices to fall on deaf ears for another two decades. We are at a point in time where representatives to Congress from this state can unify together to truly affect change."
